Stitching wire 15kg reel

Category: [Stitching Wire](#)

Availability: **estimated time of delivery 05.02.2026**
code: **318**

Price: 65,94€

(image is symbolic)

Technical specifications

Thickness: No. 24 - 0,60 mm, No. 25 - 0,55 mm, No. 26 - 0,50 mm
Quantity: 15 kg

Short description

Electro-galvanised steel wire for stitching applications in the printing industry.

- High stitching speed on all types of machines and stitching heads (web printing, saddle stitcher, inline-stitching, cross-web stitching)
- Protection of stitching head due to strong adhesive zinc coating without layer of dirt
- Low friction resistance due to optimized surface structure and technical lubricating
- Failure-free processing due to consistent mechanical properties
- Good corrosion resistance due to eco-friendly coating
- High penetrating power due to restricted production tolerances
